## How much P-EBT?

The student's learning mode is assessed each month using information from schools. The learning mode determines the amount each eligible student will receive.

**REMOTE AMOUNT** 

Average number of days NC schools using a hybrid schedule conducted virtual instruction for that month.

NC determined on average

there are 17 instructional days

per month for an 11-month

school year.

\$6.82 X 17 days = \$115.94
